**LUCKY WASHINGTON PLAYER BECOMES
10TH GOLD SERIES® WINNER**

GOLD SERIES AWARDS OVER \$10,000,000 SINCE NOVEMBER 2009!

June 10, 2011 – Rocket Gaming Systems® proudly announces that another player has been awarded the top progressive prize from the play of its successful Gold Series® line of Class II products. The lucky player was awarded \$1,035,088.09 while playing Burnin' Up® at BJ's Bingo in Fife, Washington on June 6, 2011. To date, 10 lucky players have won the Gold Series top progressive prize receiving a combined total of over \$10,300,000 in prize money.

Rocket's successful Gold Series product line currently consists of eight video titles and six mechanical spinning reel (stepper) titles, with new titles being released frequently. Each title has its own unique theme that offers players an exciting gaming experience, is equipped with a wheel-styled topbox feature, and provides players with a wide range of bonus round displays. Most importantly, all Gold Series players compete for a top progressive prize of over \$1,000,000. Rocket has awarded four Gold Series top progressive prizes in 2011 alone.

"This is an exciting time for Rocket," said Rocket CEO/President, Ron Harris. "Awarding our 10th Million dollar prize is a great way to celebrate the success that the Gold Series has achieved in the Class II market," he added.

Rocket Gaming Systems, a business enterprise of the Miami Tribe of Oklahoma Business Development Authority, has been providing linked interactive electronic gaming systems and player stations for over 15 years. Rocket was the first, and remains the leading, Class II manufacturer with the technology to offer wide area progressive prizes and is considered by many industry insiders to operate the most technologically advanced Class II system in the market.
