ROCKET GAMING SYSTEMS® BRINGS GOLD SERIES® GAMES TO ARIZONA

April 30, 2010 – **Rocket Gaming Systems** proudly announces that its popular Gold Series games are now available in the state of Arizona. Six Gold Series games went live at **Casino of the Sun** in Tucson, Arizona, on April 14, 2010. Casino of the Sun becomes the first property in Arizona to offer the Gold Series to its customers.

Rocket's Gold Series games have been a sensation at Native American casinos across the United States. Consisting of five unique and entertaining Class II video titles, each Gold Series game has a wide range of exciting bonus rounds. Best of all, Gold Series players compete for a top prize that reaches over \$1,000,000. Since November 2009, two lucky players have already been awarded the Gold Series top prize, contributing to why these games are some of the best performing in Rocket's history.

On April 19, 2010, the *ROTH Quarterly Slot Survey* of slot managers and other key individuals at casinos across the US recognized the Gold Series as one of the Top Performing Leased Games. The survey, published by ROTH Capital Partners, represents the first time a Rocket game title has registered on this prestigious list.

Casino of the Sun is one of the two Sol Casinos properties owned and operated by the Pascua Yaqui Tribe of Tucson, Arizona. The Pascua Yaqui Tribe is a federally recognized sovereign nation with over 17,000 enrolled members.

"We are very pleased to be the first casino in Arizona to offer Gold Series games," said Roy Corby, Chief Operating Officer of Sol Casinos. "The Gold Series games are a hit with our players! We look forward to a long and successful relationship with Rocket," he added.

As proud supporters of the National Indian Gaming Association (NIGA), Rocket donates a portion of the revenue generated by the Gold Series to NIGA in support of its mission of protecting tribal sovereignty. To date, Rocket has donated over \$125,000 to NIGA.

Rocket Gaming Systems, a business enterprise of the Miami Tribe of Oklahoma Business Development Authority, provides linked interactive electronic gaming systems and player stations for central determinant gaming markets. Rocket provides games to its customers through a nationwide, high-speed communications network that lets players in multiple facilities simultaneously compete against one another for wide area progressive jackpots.
